SANTA CLARA CORVETTES YEAR-END POINT STRUCTURE

• ADMINISTRATION

The SCC President will appoint a three-member committee to audit the accumulative year-end points quarterly, to ensure the accuracy of the points. Point awards will be maintained by each Awarding Member and will be made available for Board review within 10 days of each event. Current point tallies will be made available to the membership at each General Business Meeting.

• CORVETTER OF THE YEAR AWARD

"Corvetter of the Year" award will be determined by votes cast by club members present or by proxy at the December business meeting. In case of a tie, duplicate awards will be presented. The Corvetter of the Year should be the member who contributed the most to the betterment of Santa Clara Corvettes. Things to consider when voting: Someone chairing or working on committees, special projects, exhibiting leadership, enthusiasm, follow through, stepping up when things need to get done and hosting events.

Nominations for Corvetter of the Year are submitted by club members throughout the year. The nominations must be in the form of a written statement (100 words or less) describing what the person has done toward the betterment of Santa Clara Corvettes. Nominations must be received by a Board member, either in person or by mail/email prior to November 1st. Nominations will be presented to the membership at the November general meeting.

• COMPETITION CHAMPIONSHIP SERIES AWARDS

The Competition series may include, but is not limited to: (1) Car Show (2) Park & Show (3) Concours, (4) Rallye, (5) Autocross and (6) Drag Race. Santa Clara Corvettes will reward any regular (Individual, Family or Additional Family) member with a year-end class award when they qualify by competing in 30% or more of any WSCC Type I competition series (e.g. 30% or more of the WSCC Type I Car Shows held during the year), provided a minimum of three events were scheduled in the series. Drag racing events may include “non-WSCC” events as scheduled by the SCC Competition Director and published in the club newsletter and club website events calendar at least 30 days prior to the event. WSCC Convention events may also be included.

To receive year end points in an event, you must be a regular club member or have completed an application and paid your membership dues for regular club membership prior to the time of the event.

To qualify for Competition Championship Series Award points the member must be competing in a Corvette. A Corvette bodied car with a “Chevrolet based” motor is considered a Corvette for the purposes of this point structure.

Any regular club member(s) entering more than one car in any event will receive only the points for the car accumulating the highest point total in that event.

Overall competition point standings will be maintained by the Competition Directors and will be made available for review at each general business meeting.

• MOST COMPETITIVE AWARDS

Individual awards shall be given to both the male and the female club member accumulating the highest number of Grand Total Competition Championship Series Points. In case of a tie, multiple awards will be given.

To be eligible for the Most Competitive Award, the member must have qualified in at least two different event series (e.g. Car Show and Autocross).

Points are awarded according to placement in each of the series events according to the Point Specifications Chart below.

SANTA CLARA CORVETTES YEAR-END POINT STRUCTURE - Cont.

In order to give each type of series equal value, the sum of the competitive points in each series earned by an individual will be converted to a weighted average of the points possible. To compute the weighted average points to be awarded individually, the sum of competition points earned for that series will be divided by the total number of points possible for that series, and the result multiplied by 100.

The weighted average point totals for each series will then be totaled, producing the Sum Total for that individual. Only the greater of the three weighted averages for Car Show, Park & Show, and Concours events, will be included in the Sum Total.

Additional points will be awarded from the "Competition Championship Series Bonus Points" chart for Special Awards earned and the sum of the Total Competition Championship Series Bonus Points will be added to the Sum Total to end up with the GRAND TOTAL COMPETITION CHAMPIONSHIP SERIES POINTS.
